

APPLICATIONS

Cascade manufactures a range of bins for the collection and disposal of waste materials and liquids, from self-tipping bins to bins that are operated by the forklift driver. All of these bins have a forward rolling action with the roll over bin being a 4-way entry to allow side tipping. It also has a unique cutaway front opening making it suitable for tipping fluids. The driver release models 10A-MDB have a cord operated release mechanism.

FEATURES

- Smooth tipping action design with minimal impact during emptying
- Ideal for tipping liquids
- Pull chord for operation from driver seat
- Optional wheels for easy moving (not included)
- Fork pockets for easy lifting with a fork-truck
- Painted enamel finish

SPECIFICATIONS

SWL Capacity:	1800kg
Volume Capacity:	0.77m ³
Pocket Size:	165x65mm
Pocket Centres	850mm
H C of G	605mm
V C of G	415mm
Weight	235kg

DIMENSIONS

Overall Length	1690mm
Overall Width:	1156mm
Internal Width	1050mm
Overall Height:	1095mm
