

**APPLICATIONS**

The series HSEJLP Forklift Jib is an extendable low profile Forklift attachment which offers a standard jib length of 1350mm closed and 2000mm extended. This slip-on Forklift attachment is supplied standard with a safety mounting chain to secure the jib to the forklift truck along with a safety swivel hook and shackle. The standard finish on this attachment is in safety yellow paint.

Fork Pockets	120x45mm
Pocket Centres	215mm
Design	HSRD 027

*Note: All lift truck attachments affect the safe working load of a lift truck. End users should consult their lift truck supplier to ensure the lift truck is rated for use with these attachments. In the case of a slung load when lifting a jib attachment, the net lifting capacity should be 0.8 times the rating of the lift truck to allow for the swinging load. Please consult your local lift truck dealer*

SAFE WORKING LOAD (SWL) PER POSITION				
POSITION	1	2	3	4
SWL (kg)	2000kg	1650kg	940kg	630kg
EXTENSION (mm)	1325mm	1550mm	1775mm	2000mm
