

The 6,500 lb. Capacity Fork Positioner for Warehousing and Distribution

APPLICATIONS

The 65K sideshifting fork positioner is recommended for distribution, warehousing and manufacturing operations. This high visibility fork positioner allows the operator to accurately position the forks from the driver's seat for handling a variety of pallet configurations.

FEATURES

- OEM load backrest compatibility
- Excellent operator visibility
- No-Weld Installation
- Zinc plated, corrosion resistant components
- Center mount, 5 inch wide fork carriers

OPTIONS

- Bolt-on pallet protector/cylinder guard combinations (see description on right)
- Bronze bearings
- Bronze lower hooks

A refined fork positioner designed to increase productivity, improve safety and reduce product damage.
