

## APPLICATIONS

The General Goods Cage is designed to convey loose or palletized goods using either a forklift or crane. The full-width gate allows 1200mm square pallets to be placed inside the Cage if required. The standard Cage is 1350mm square overall and 1150mm high with a gate opening of 1250mm. Stacking feet underneath the Cage allow it to be stacked on top of each other – 3 high when empty, 2 when loaded.

Unit is supplied standard as a “flatpack” or may be fully assembled upon request  
Zinc Plated finish.
