

## APPLICATIONS

Cascade's range of crane bin offers enhanced working load limit and space capacity for the collection and disposal of heavy duty waste materials and liquids. This type of bins has been specially designed with 4 crane lugs and 4-way entry fork pockets to provide the operators with a versatile choice of waste transportation with either lifting crane or forklift. It also has 4 upending lugs below the bins allowing waste to be disposed at all possible directions

## FEATURES

- Heavy duty style
- Fork pockets for lifting with a fork-truck
- Zinc plated finish
- Optional wheels available
- 4x Crane Lift Points

## SPECIFICATIONS

SWL Capacity:	2000kg
