

### APPLICATIONS

This Hydraulic Drum Tipper is designed to tip 205 litre Drums. With 1 tonne lift capacity, this attachment is ideal for the recycling industry and for mining applications. This lifter has adjustable fork pocket to suit a range of fork sizes and is able to decant the contents from the operator's seat. This unit is fitted with quick connect couplings for connection to the 3rd and 4th Forklift hydraulic valves.

The standard finish on this attachment is galvanized.

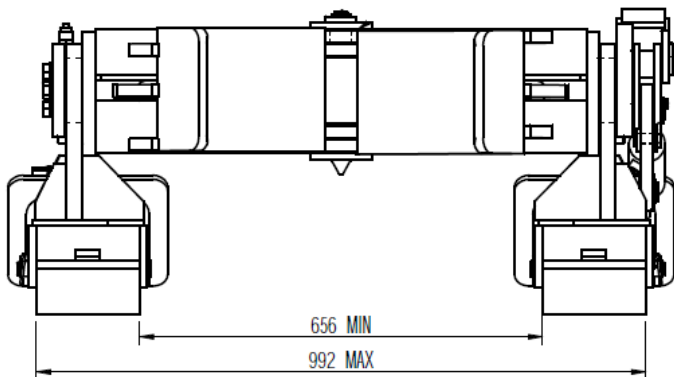

### SPECIFICATIONS

Max Fork Section	160 x 65mm adjustable
SWL	1000kgs
Load Centre	730mm
H C of G	770mm
V C of G	138mm
Weight	255kg
Pocket Centres	655mm
Functions	2 Hydraulic Functions

*Note: All lift truck attachments affect the safe working load of a lift truck. User should consult their lift truck supplier to ensure suitability.*
