

Quickly and Easily Add Greater Flexibility to Your Lift Truck Fleet

Easy use locking pins

Slim profile design

Zinc plated finish

Clearly marked rating plate

APPLICATIONS

For the occasional need for extra fork length. Quickly and efficiently increase the usable length of your forks, for those hard to reach and deeper pallets. Cascade's range of fork extensions will increase the versatility of your lift truck.

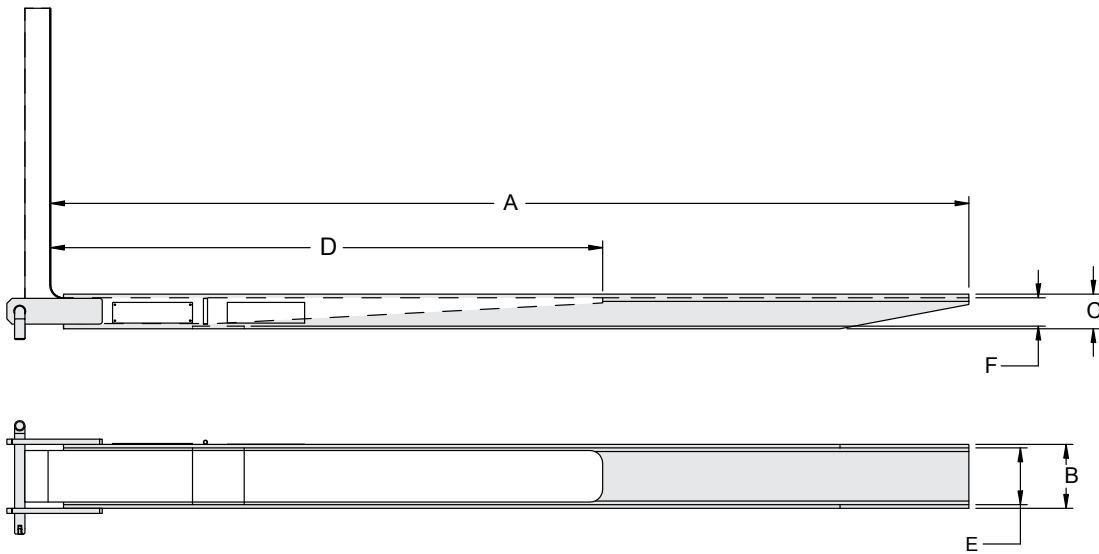

Designed in accordance with the Australian Standards to provide peace of mind.

FEATURES

- Easy use locking pins
- Zinc plated finish
- Capacity to match lift truck capacities
- Operator instructions
- Clearly marked rating plate

NOTE

All lift truck attachments affect the safe working load of a lift truck. End users should consult with their lift truck supplier to ensure that the lift truck is rated for use with these attachments.
